

# Heap Adventures

Experiments for Thesis ...  
 Example 1.4.1

Example 1.4.2

Example 1.4.3

Finite Irreducible Coxeter Graphs Figure

Figure 1: Coxeter graphs corresponding to the finite Coxeter groups.

Affine Coxeter Graphs Figure

Figure 2: Coxeter graphs corresponding to the infinite Coxeter groups

FC-finite Coxeter Groups

Figure 3: Coxeter graphs corresponding to the finite Coxeter groups.

Star Reducible Heaps

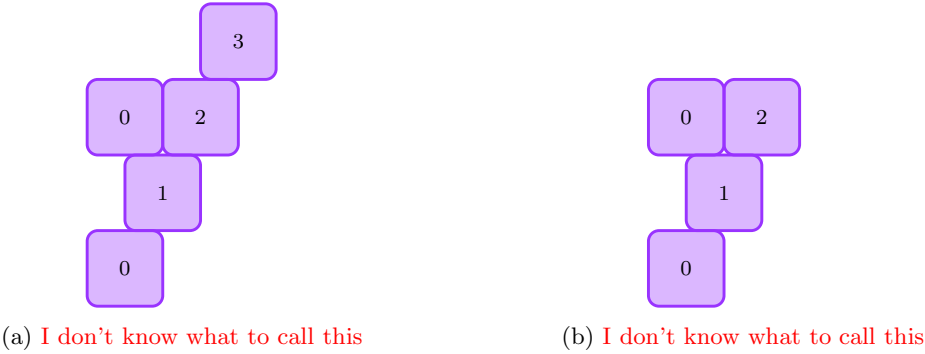

Figure 4: Visualization of Example ??

Weak Star Reducible Heap

Figure 5: I don't know what to call this

Heaps for Property-T Section

(a) Heap of an element with Property-T

(b) Heap of a T-Avoiding element

Figure 6: Heaps of an element with Property-T and a T-Avoiding element

Figure 7: Heap of a non-trivially T-Avoiding element in  $W(\tilde{C}_4)$ .
